Dear Sir:

The European Patent Office has provided a supplementary European Search Report (SESR) dated December 13, 2005. This submission thus supplements the Information Disclosure Statement filed on May 26, 2005 presenting the search results of a partial European Search Report (PESR) dated May 2, 2005. Newly-cited documents only are cited on the accompanying Form PTO-1449. Thus, this submission is made after a Final Action, but before payment of an issue fee so that the Applicant, through its representatives and attorneys, hereby petitions for its consideration, and authorizes payment of the required fee after final action.

This will certify that each item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this statement. A copy of the

SESR of December 13, 2005 is enclosed for the convenience of the examiner and to show the relevance of the additional documents cited by the EPO for the corresponding EP application. Specifically, the citations down through the patent to Comer, No. 5,838,060 were presented in the prior IDS for the PESR.

Copies of the additional documents are provided and listed on the accompanying Form PTO-1449.

Granting of this petition for consideration of the newly-presented references from the EPO is respectfully requested.

Dated: January 9, 2006

Respectfully submitted,
